

# The King's School, Burundi Teaching Opportunities

## ABOUT US

The King's School is a Christian, English-speaking, missionary school in Bujumbura, Burundi. We aim to provide an international standard of education to students from the world's 3rd poorest nation.

The school was started to support children from the CRIB orphanage, but now has 600+ students from 20+ countries and supports two orphanages. Our students are aged 18mths—18 years with fee paying students subsidizing those from less fortunate backgrounds.

Our mission is:
